Party Information

Inflatable | Climbing Wall
Multi-Sports | Fun & Floats

Have a party to remember with St Mary's Calne Sports Club

Choose from a range of wetside and dryside parties to make your child's big day special without having to do all of the work.

Parents and spectators can watch from the side of the pool or relax in our reception coffee lounge with free Wi-Fi!

Fun & Floats

This is a great choice for group party events whilst remaining cost effective. Parties include all of the play equipment such as floats, sinkers & dive rings for maximum fun. Suitable for all ages.

'The Obliterator' - Dual Lane Aqua Run

Our water based obstacle course challenges even the most agile children. Make your way from the shallow end to the deep end whilst racing a friend to see who can get there first! You will need to keep your wits about you - our lifeguards will make the course as slippery as possible to make you fall off!

This party is for children aged 6-16 years. A short swimming competency test may be required. Confident swimmers who can swim a minimum of 50 meters can complete the full inflatable whereas non swimmers must wear arm bands and can only proceed half way along the inflatable. Suitable for ages: 6+

Multi-Sports Party

An hour of sports and activities in our new Sports Hall. Choose from up to 2 of the following; Football, Basketball, Unihoc, Badminton, Kwik Cricket, Dodgeball, Junior Athletics. All equipment provided! There is an additional cost for sports coach if requested. A responsible adult over the age of 18 required to be present if a coach is not requested. Maximum party size is 20. Suitable for ages: 5+. Coach required for Junior Athletics.

Climbing Wall Party

Available for up to 12 children, while the adults can sit back, relax and enjoy a hot drink in our Reception. Our experienced indoor climbing instructors will provide a fun and engaging hour of indoor climbing, including bouldering and three different routes to try, using our TRUEBLUE™ automatic belay descenders. Test your ability with a combination of vertical walls and overhanging faces on our three-dimensional climbing surface.
